

EDUCATION & TRAINING

At Youth Futures, we believe that education is the key to opportunity. We also understand that mainstream schooling isn't for everyone.

FLEXIBLE & SUPPORTIVE ENVIRONMENT

Anchor Point offers young people an alternative to traditional high school. Students are provided with a flexible, friendly environment where they can complete their education while getting extra one-on-one support; with a large focus on personal development, work readiness, health and wellbeing. This approach allows students to make meaningful progress in their course according to their individualised study plan.
