

THE NEST: SUPPORT FOR YOUNG PARENTS

What is The Nest?

The Nest provides individualised support that empowers young parents North of the River (16-19) who are pregnant and/or have a baby under 2 to build self-confidence, strengthen parenting capacity, and expand on essential life skills to equip them for parenthood and beyond.

We'll help you:

- Build parenting, life, and financial skills
- Link to community supports and services for you and your child
- Plan for long-term accommodation goals
- Identify what supports your health and wellbeing

WHO WE ARE

Youth Futures has been supporting young West Australians for over 40 years with care, housing, and help that comes from the heart, **because you matter.**

Nest Outreach Program

Nest Outreach supports young parents to connect with resources, build life skills, and make meaningful connections close to home.

Nest Housed Program

The Nest housing program offers supported accommodation for young parents while we help you plan your next steps.
